DETAILED ACTION

Response to Arguments

Applicant's arguments, see pages 6-8, filed 5/31/06, with respect to the rejections under 35 U.S.C. 102(b) and 35 U.S.C. 103(a) have been fully considered and are persuasive. The rejection of claims 1-20 has been withdrawn.

Applicant's arguments with respect to the 35 U.S.C. 101 rejection are not persuasive. These claims will remain rejected for including non-statutory subject matter, in the form of the carrier wave embodiments of the computer program. The rationale for this rejection is provided in the "Interim Guidelines for Examination of Patent Applications for Subject Matter Eligibility", signed on Oct 26, 2005 and available at <http://www.uspto.gov/web/offices/pac/dapp/ogsheet.html>. The 35 U.S.C. 101 rejection remains, and is reiterated below.

Claim Rejections - 35 USC § 101

35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

In claims 9 and 17, the claimed invention is directed to non-statutory subject matter. The specification states that carrier waves are included amongst types of computer readable media (paragraph 33). Carrier waves are considered to be non-statutory subject matter.

Allowable Subject Matter

Claims 1-8, 10-16, and 18-20 are allowable.

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure is provided on form PTO-892.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
